About Me

With a background in education and animal care, I bring an adventurous and imaginative perspective to my work as a web developer, which allows me to think outside of the box and bring a fresh point of view to my work.

Work History

General Assembly - Software Engineering Immersive
Stamford, CT   June, 2019 – September, 2019
- Completed General Assembly's *Software Engineering Immersive* 13 week long training program dedicated to preparing students to think like engineers and approach problems creatively in order to build the next generation of web applications.

Stamford JCC - Preschool Teacher
Stamford, CT   September, 2018 – June, 2019
- Educated students in foundational concepts such as shapes, numbers and letters
- Promoted physical, academic and social development by implementing diverse classroom and outside activities
- Applied play-based strategies, including crafts and games, to provide diverse approaches to learning
- Allowed for ample outdoor discovery time each day

Petco - Companion Animal Leader
Norwalk, CT   September, 2016 – May, 2018
- Reviewed pet health history, examined animals, conducted tests and prescribed treatments for diagnosed conditions
- Educated staff members on proper medical care procedures and pet care protocols
- Performed various administrative functions, including filing paperwork, delivering mail, sorting mail, office cleaning and bookkeeping
